

Please Note: Grantee Update messages have moved to a biweekly schedule. Grantees can expect to receive an email **every two weeks** containing the latest information and updates regarding the BOOST Grants Program. We will continue to send the Training Update weekly for now, and, of course, we'll issue a special e-blast for any critical or time-sensitive news.

Take Action Summary!

- **Start Preparing your Year 1 Afterschool Report!** *See below for details.*
- **Important: Draw Down Afterschool Funds!**
 - Afterschool reimbursement invoices should be submitted as soon as possible. We ask that you make every effort to draw down any eligible afterschool funds in May and June so that we have a clear sense of your actual spending as we prepare for Year 2 funding recommendations and budget prep.
 - GSAN's [Budget Status List](#) will continue to be available for those still pending field trip approval, insurance revisions, and/or budget revisions. Please note that if you submit a revision, you can track the progress of its approval on the Budget Status List, just like the original submission.
- **2022 ASYD Conference: Register by May 31 to Receive 100% Discount!**
 - [Registration for the REQUIRED Annual Afterschool and Youth Development \(ASYD\) Conference is open.](#) **BOOST grantees can use the special registration code designed to track organizational participation and offer free and reduced-price tickets.** Each grantee organization can use this **code TWICE** when completing registration to receive the benefits: **BOOST2022**. If you'd like to send more than two individuals, your organization will need to cover the cost, and BOOST funds may be used if professional development is included in your budget.
- **Indicate Your Interest in a Demonstration of the EZReports System!**
 - Are you looking for an affordable data management platform to track student attendance, manage outcomes, and provide cloud-based access to your program's records? EZReports is a nationally recognized system for out-of-school time providers and is *one* possibility to explore.
 - You can reach [more about EZReports in their brochure](#).
 - Please complete [THIS TWO-QUESTION SURVEY](#) to indicate your interest in a group or private demonstration of the system. GSAN would be happy to facilitate this opportunity.
