Take Action!

REMINDER: Year 1 Summer Reports Due October 17

Note: If your organization was not funded for 2022 summer programming, you may disregard this report.

The Year 1 summer report is **NOW LIVE** in the [FLUXX platform](#). This report collects information on your 2022 BOOST-funded summer program and is **due by October 17, 2022 at 11:59 pm**. Grantees who do not submit the report on time are subject to a future funding award penalty. The summer report looks very similar to the afterschool report submitted by afterschool grantees; a **reference copy** can be found on the BOOST Grantee Resource Hub [HERE](#).

Instructions for this report and the FLUXX portal are available online [HERE](#). Please contact us at boost@georgiavoices.org if you have any reporting questions. We appreciate your efforts to support our research and evaluation work!

LAST CALL: Program Expansion Opportunity

Did your organization receive BOOST funding to support afterschool ONLY or summer ONLY? Are you interested in adding the other component to your programming in 2023 with the help of the BOOST grants program? Some limited funding is available for current grantees who currently offer *one* component and would like to offer *both*. Email us at BOOST@georgiavoices.org to find out if this is possible for you!

Thank you to Girls on the Run, LIFT Youth Center, STAR House Foundation, Nobis Works, and Paint Love for already reaching out to explore this expansion!

CORRECTED: BOOST Town Hall Meeting

Several grantees reached out to let us know that they would be unable to attend our November BOOST Town Hall meeting as previously scheduled, and as a result we have moved the convening to November 18th. These informal forums afford grantees the opportunity to share what has been working well throughout the grant process as well as areas in which the program can improve. Connect in real time with GSAN staff, GaDOE staff, as well as peers in the field! [REGISTER HERE](#) to reserve your spot in the Town Hall.

Reminders & Updates

Congratulations!

GSAN offers our congratulations to those organizations that have successfully completed their financial monitoring with GaDOE! We know that this can be a daunting step for organizations new to this kind of oversight, and we could not be more proud of the way the initial crop of grantees rose to the challenge. Financial monitoring by the Georgia Department of Education will continue next year with the next cohort of grantees.
