## Upcoming Webinars (Virtual)

### BOOST is celebrating National Mentoring Month with webinars in January!

**Everyday Mentoring** training focuses on fostering a mentoring mindset in adults who have regular interactions with youth. By being intentional about building relationships into the culture, young people will view staff members as adults who care about them as individuals. **Trauma-Informed Mentoring** training focuses supporting youth impacted by traumatic experiences or circumstances by building a supportive relationship. This training uses audio-visual content, small-group discussion, and scenarios to guide participants through a basic understanding of the effects of trauma on the brain, with in-depth exploration of how trauma can impact behaviors, actions and relationships.
