## Building Quality Youth Programs: David P. Weikart Youth Work Methods Training March 24, 2026

The Georgia Statewide Afterschool Network (GSAN) has partnered with the David P. Weikart Center for Youth Program Quality to provide accessible, high-quality professional development opportunities for youth-serving professionals across Georgia. The Youth Work Methods are powerful strategies built on more than 50 years of research and practice in positive youth development. These training sessions are designed to equip point-of-service staff with practical tools and strategies to strengthen youth engagement, build supportive learning environments, and enhance program quality.

Through GSAN, participants can access Youth Work Methods workshops aligned with the Weikart Center's Pyramid of Program Quality, ensuring that staff gain practical skills they can implement immediately in their programs.

We extend a special thank you to the Boys & Girls Club of Central Georgia and the Boys & Girls Club Georgia Alliance for partnering with GSAN to host this training at the Buck Melton Center in Macon.
